

## Calculations example with a withholding tax of 30%

In the example below, your customer pays SEK 1,500 + VAT on an invoice. Our fee of 6% is then EUR 90, but your net salary decreases by only EUR 45 compared to if you had your own company and paid a salary to yourself. It corresponds to our actual fee, after the tax relief, being 3% of the invoice amount.

Invoice	TWA Salary	Your company
Invoice amount + VAT	1.500,00 EUR	1.500,00 EUR
<b>Our fee 6% incl. your part</b>	<b>-90,00 EUR</b>	-
Your part of our fee	(-45,00 EUR)	-
Employer contributions	-234,74 EUR	-249,72 EUR
Withholding tax 30%	-352,64 EUR	-375,14 EUR
Pension contributions	-101,68 EUR	108,17 EUR
Unemployment insurance	-16,46 EUR	17,51 EUR
Your salary payment (net salary)	704,69 EUR	749,66 EUR
Our actual fee after tax relief in EUR	-45,00 EUR	-
<b>Our actual fee after tax relief in %</b>	<b>3,0%</b>	-
